Best qualities of wood and vinyl,
It is truly special.

We make it easy to fall in love with siding.

Wood siding has always been about looks. Vinyl siding has always been about durability. Foundry brings the best of both together with our specialty siding shake, shingle and stone. The beauty of wood and the strength of vinyl that’s easy to install. Easy to own. Easy to love.

Crafted from 72 molds cast from genuine cedar and stone, our siding has the look and feel of the real thing. With many color options and five unique siding profiles, Foundry makes it easy to create one-of-a-kind styles for residential or multi-family homes. No painting or staining. Foundry goes up easy and the factory colors stay rich and brilliant for decades with almost no maintenance.
With many standard and specialty colors and a range of distinctive profiles to choose from, you can match or complement almost any finish.

Whether you’re looking for bold accents or full wrap around application, Foundry can bring years of lasting beauty to any home.

No painting. No staining. No rotting or fading. Foundry gives you unprecedented durability with an industry-best Class 1A fire rating.
We have 31 standard colors and match all major siding manufacturers colors, so we make it easy to find the right color that will bring your design to life.

Whether you want to create an accent with a pop of complementary color or if you want an exact match, we have a color for you and because it’s Foundry Specialty Siding, the color you choose will stay that way for years to come.
Distinctive

More than 250 distinctive colors
The deep texture of our Split Shakes creates a dramatic contrast of light and shadow that can give any home distinctive curb appeal. Random grooves and grain give the look of traditional hand-split cedar. Split shakes are available in 7" exposure.
The imperfect butt-ends and keyways of our Staggered Shakes can add the perfect rustic charm to any home. Full of depth and character, the Staggered Shakes are available in traditional 7" exposure or 10" exposure to further accentuate the long, dramatic vertical grain.
Strike the balance between rustic and refined with Perfection Shingle. The deep texture of Shakes is combined with the clean lines of Shingles to create a unique and eye-catching accent. Perfection Shingle is available in 7” exposure, highlighting the crisp vertical grains.
The rich colors of The Weathered Collection Shake and Shingles can add warmth to any home.

These nature-inspired Shakes and Shingles give homes an upscale yet rustic look.

The Weathered Collection®

Vanilla Bean 804
Golden Straw 806
Rustic Cedar 809
Vintage Taupe 820
Sandalwood 821
Harvest Wheat 822
Moon Rock 826
Colonial Grey 827
Rustic Brown 828
Red Cedar 834

Actual Colors may vary from printed representation.

The Weathered Collection features rich, warm low-gloss hues to create a unique look that’s both rustic and refined. Our Weathered Shakes and Shingles pair perfectly with other sidings to enhance a design and give a house a one-of-a-kind appearance.
The Uptown Collection™

Current

The Uptown Collection’s contemporary colors can complement almost any finish.

Contemporary

A collection of the newest and hottest colors in a number of different profiles.

STYLISH

Tastes change, so The Uptown Collection changes with them. We update this collection with new bold and contemporary colors to reflect the latest and most popular looks. Mix them with complementary colors or wrap the entire house with our most current Shake and Shingle colors.
Some colors never go out of style. The Timeless Collection is our line of top-selling colors that have been installed in homes across the country. These classic low-gloss colors are easy to pair with other sidings to add that distinctive finishing touch.
The Shoreline Collection™

Vibrant

The Shoreline Collection is inspired by the bright, vibrant colors of life on the water.

This lively collection is perfect for any cottage, lake house or beach getaway.

Vivid

The Shoreline Collection features Shakes and Shingles in bright pastels that’s made for life on the water. Pair it with other finishes to add a lively pop of color or wrap the whole house in these eye-catching hues. And because it’s Foundry, this brilliant color will last for years to come.

BRILLIANT

Actual Colors may vary from printed representation.
Using round siding is classic technique for adding visual contrast and a distinctive style to homes. Foundry Rounds provide the look of cedar without the painting or upkeep. Accent a gable or extend this look around the entire house with a host of colors that can complement practically any siding. These classic shapes are available in 6” exposures.

Foundry Rounds

Actual Colors may vary from printed representation.
We’re making it easier than ever to bring the unparalleled durability and bold, elegant appearance of stone to your home. The Foundry Stone Collection is cast from molds of real masonry and we add ceramic microspheres to create a subtle grittiness to stay true to the look and feel of real stone. It goes up easy and, unlike real stone or stone veneer, you can even install the moisture-resistant Foundry Stone all the way to ground level. This affordable alternative to stone comes in 5’ lengths with a 10” reveal.

Cottonwood 850

Desert Canyon 851

Red Rocks 852

Mesa 853

CERTIFICATE OF CONFORMANCE FOR FOUNDRY SIDING

PHYSICAL DATA

Length: –1/4” total length tolerance.
Width: –1/16” total width tolerance.
Thickness (nominal): All panels exceed requirements per ASTM D3679
Camber Tolerance: ≤1/8
Heat Shrinkage Tolerance: ≤3.0%
Impact Resistance: 60 in lb +
Surface Distortion: None at 120˚ F
Windload ASTM D5206: Foundry Shake, Shingle, Perfection Shingle,
Staggered Shakes and Foundry Stone exceed 170 mph. Transitional,
Rounds, and Fish Scale panels exceed 150 mph.

FIRE RESISTANCE RATING

ASTM E84: Class 1(A)
Flame Spread Index: ≤25. Smoke Developed Index: ≤450
Fuel Contribution: 0
ASTM D 1929: Self Ignition 878˚ F
ASTM D 635: Material is self-extinguishing with no measurable
extent of burn when tested in accordance with this specification.

NFPA 268 Radiant Heat Test/Ignition Resistance of Exterior Walls. Conclusion that Foundry vinyl sidings were tested and met the
conditions for allowable use as specified in Section 1406 of the

Weathering: Meets the weathering standard in ASTM D3679
using ASTM D 1435 procedure.

All products from Foundry (excluding accessories) have the
following certifications and code compliances:

Vinyl Siding Institute Certification (compliant to ASTM D3679)
ICC-ES evaluation report number ESR-1728
Texas Department of Insurance product evaluation 2006 IBC-IRC
Florida Building Code 2010 Stone and Brick (Report #FL-14766)
Florida Building Code 2010 Siding Panels (Report #FL-6356)

Notes:
Foundry Stone Collection pending certification and code
compliances: Texas Department of Insurance.

Limited Lifetime Warranty: Residential.
50 Year Warranty: Commercial/Institutional. Please see Foundry Warranty for additional details.
